Dear Friend.

When your first papers came to me I only glance them over & see they were valuable but could not really get hold of the contents. Lately I have been going to Kingsville several times & have taken all the numbers with me & have had the time to read them somewhat. I want to help spread the information they supply & enclose $5:00 according to an offer in one of the first numbers. I have scattered my numbers & never had those between 3 & 13, so I desire one subscription in my own name beginning at No. 1. & one sent to Mrs. John Duncan. 217 West Ormsby Ave Louisville Ky. She is Editor of the

CHAUTAUQUA COUNTY HISTORICAL SOCIETY 2013

publication of Y. W. C. T. & we wish her to have all the aids possible.

If my time were not so filled I should delight in entering into all the projects of your paper, for as I am capable, but I must content myself with calling attention of every one with whom I am connected & spreading knowledge in that way. If I see some other place where the paper can be useful I will send other names to the extent of my $5.00.

I wish you every success, but mainly what you are most anxious for.

Last week my family attended a large Re Union of descendants of my father's Grandfather, & among a few friends present outside of the family, Annette, was Nora Gage.

Very Sincerely
Elizabeth C. Seofield
