Dear Madame!—

Your favor is at hand. Thank you very much for making the special list of drawings for the book for me. We will be have all of this work. I have not sold the two last copies of the book I received but will keep them and take them to Buffalo. If I do not sell them here. I was congratulating myself that I had three "original" poems to add to my collection. I have quite

a number but was never so fortunate as to get any originals. I will of course return them if you say so. Again thanking you and your daughter for so kindly accomodating me with the "special copy" I am,

Yours truly

John. L. Otis.
