I received a recent No of
The Basis from the publish-
ers office, Dauphin, my
name once more appear-
ing on the clergymen's list-
in a denominational year
book - a publication that -
I discard & made good
use of. I was very glad to
see that - you are engaged
in editing such a useful
Journal. The subject - one
that I bring into the pulpit
very often. I wish that I could
attend & be a subscriber.
I sold my newspaper in Plain-
field, N J 5 years ago and re-
turned to preaching, but in a
Unitarian pulpit, one near the
Hub. Yours for good citizenship &
in memory of old University days
