Rev Albion W. Tourgee
Mayville N.Y.
Very Dear Sir and friend
Yours of several weeks
ago rec'd. Will say in
reply that there is no
man living who places
a higher estimation upon
his word than I, this
much you can find out
by letter or call of the
ministers of this place,
as well as the Bank.
But I am one of that
class that we always
have with us the
unfortunate poor, and
very poor. When I
subscribed for the

"Basic" I thought that
by some means I could
keep the amount up, but
having a family of eight to
support under 'present
old democratic times'
I find I cannot always
keep all my children in
suitable condition does
shoe & say nothing of
a hundred other necessities.
but as soon as I can I will
take it gratefully Yours
