THE CHICAGO TIMES-HERALD.

January 15,1896.

Judge Albion W.Tourgee,
Mayville,N.Y.

My dear Judge,

Your letter of the 13th is at hand. I should like very much to offer you a place on this paper,but at this time we are compelled to reduce rather than increase our expenses. Some of our contemporaries felt it incumbent on them to drop the price of their papers to one penny. We met the reduction but have maintained our standard;consequently we find no encouragement for increasing expenses. If I see an opportunity of doing as you ask in the future I shall be very glad to correspond with you.

Trusting that you are well,

I remain,

Yours sincerely,
