Mr. Dr. Judgin

Yours 28th received. I do not know what shares of stock in Crew Levick Co. are considered worth but will try & find out. I have written to a friend who may be able & tell me. As soon as I have any information will communicate to you.

I am glad to hear of fair prospects for Basin. My subscriptions that I sent you last year run for one year. I hope that they will all renew their subscriptions but the Company must look to them for the 2d years subscriptions.

I rec'd 20 copies "Story of a Thousand" have remitted to Potts for 25 copies & suppose he will send me remaining five copies in due time.
