My dear Friend

I wish to let you know that through your letter, and those matters by the different agents the money paid by Our Comment for Entrance on the barrel of clothing etc. Your Aunt, was returned by the agent here. I thanks to you for your trouble. We have the collection of letters written in regard to the matter, and they seem quite a curiosity.

Is your mother still living? If so, tell her that I have often thought of her when I have seen the needle work she made in the work bags of the women and girls — and give her my love

Mr Arnold's father died on last Thanks-
giving day at the age of eighty-three, and
his mother though ten years younger is
quite feeble, and constantly grieves for her
faithful and loving husband.

Hoping that you are all well I am

Very sincerely Yours

Hay McDermott.
