M. J. CARLSON,

—DEALER IN—

FAMILY AND STEAM COAL,

PHOSPHATES AND MOWING MACHINES.

MAYVILLE, N. Y. March 13 1896

Mr Cooper

I have your letter of yesterday with check enclosed, and order for one load of chestnut coal which shall have my candidate attention.

I also note what you say in regard to the eligible and in the first place I never made any misstate in weight on coal, if you think that you are not getting as much coal as I charge you why do you not weight it out if you can. If you can do it any day just name one scuttle and keep track of how many you get

you get out of each load.
This idea of putting ~~[illegible]~~ that
you are being cheated in
weight of coal because it does
not last as long as you think
it ought is very unjust and
wrong.

You will thus for do
me a great favor by weighing
your coal until you are
satisfied beyond a doubt whether
I am selling you short weight
or not. for I do not like to do
business with people that do not
think that I am honest.

How about the N.Y. Tribune and
Weekly Inter Ocean that I subscribed
for with the Basis. Also the 6 Nos of
last February I have received neither

Yours truly
W.J. Cannon.
