Dear Mrs. Fourgee,

I am sorry to hear of Lodee's sickness & hope she is better. As to the pictures there are two in the exhibition, well hung and lighted and they have been favorably mentioned. If you have not seen the notices I will try to get them for her. There is a third picture

of nasturtiums & plums at Bensons. We will return it with the others if desired at the close of the exhibition. Hope Lodee may get in to see it before it is over.

Remember me to all. We are now living at 318 Fourteenth St which is near my Father's duties in connection with the Church Home.

Sincerely Yours
