Judge A. W. Tourgee

Your letter to hand. We are very glad of your consent to come to Washington and address us. Our church can seat 500 fully 50 more — The admission fee of 25¢ would bring us about $125. As we can hardly see our way out for our advertising and other expenses will be at least $25. So you see our margin would be small of anything.

I believe you contemplate visiting Washington ere Congress adjourns. If you could combine the two objects in one visit we thought

Perhaps you might see your way
Clear to come for a less than your
usual fee for one expense could
serve both Trips- We are very
anxious to hear from you but that is just
how the matter stands

Very Cordially Yrs
