CHAUTAUQUA COUNTY NY HISTORICAL SOCIETY 2013

My dear Mrs. Dougee,

As you know perhaps, the Society Exhibition is over now. I understand it has been very difficult to sell pictures this year, indeed, it is generally but I dont suppose they have sold more than two or three paintings out of the whole collection this year. I saw Mr. Benson today & asked him to keep those paintings

until I heard from you whether Loebe would like to have them left in some art store for a time to give an opportunity for possible purchasers. Of course if I could influence any one I make such an investment I would only be too happy to do so.

I enclose some clippings. There was a notice in the News also which I will try to get something when down that way. I presume there will be

be something in the art Exchange next month.

With kindest regards

Wall. Sincerely
