Albion W Tourg[redacted]e Esq

Mayville New York

Dear Sir

In response to your letter about the note which we hold, with your life policy, we would have no objections to signing an agreement that we hold the said policy as security for the note [redacted] with interest and the premiums which we have paid, and shall pay [redacted] upon it upon your executing the agreement, which will contain a waiver of the statute of limitations or bar by lapse of time, against the note. Of course we would not agree to continue to pay these premiums, obliging ourselves to do so, as we intend to do so, only so long as we are advised it is to the interest of our trust, and we can agree, (which will be put in the agreement) that upon our determination to cease to pay the premiums we will advise you at your last address of which we may have knowledge, so that you may, if you prefer, pay the obligation and take up thepolicy and contine it yourself. Please let us hear from you at once and oblige

Yours very truly

H B Russell
