We are in the midst of house cleaning & last little time to write

Winnebago Ill Apr 28th 1896

Dear Mrs Sawyer

In a few minutes after I read your Letter the man who lives on my farm came in & paid me ten dollars instead of fifty That I expected I had been looking for him the last two weeks So I will put the piece I have & send it I have been thinking more about hearing from ~~the~~ Washington than anything else We are having fine growing weather prospect for fruit unusually good I am thinking going to Beloit in a week or two That is about as far as I ever expect to go from home Love to you & yours E.
