Yr terrible heat must have been very trying to you. I am glad it is over. I suppose you have had a little rain before this. It is a little cooler here but not much better. Trade is very much unsettled by apprehension of Democratic success.

Winnebago Aug 24th 96

Dear Mr Jongee

Yours received in due time I thought best to wait for a notice but none came You done better in the money line than I did I failed to raise any more than the $25 that I mentioned So I wrote to my nephew to take up my note as soon as it was due He does business with Mr Pennell I have not told him about my deal with the good Dr yet I think I will tell him when I go there It may be to his interest for he is not very careful
