Albion, W. Tourgee, - Myself & family and
many readers of the Enter Ocean liked
the "Bye Stander's Notes" very much for the
idea as there in expressed. Writ they worthy
of publication for future reference in
some Book form, as well as the Wadby
letters, etc, we r.c, I should say they are.
I have most of The Wily P. O's for some
years past so if you have not all the
"Bystander's Notes" I could furnish some
of them. Please say if you wish any of them
& what you think of publishing them in a book.
Address all to - S. P. Stebbins
