Dear Comrade

Yours of 20th inst just rec'd, & came almost down for pleasure, over the news you give me, But I will restrain myself until your name goes in, If the Post has given assurance, it is all right and will "come to pass", The Colony is not as much as I wish it were for your sake, but it will be a pleasant place to live, at least I would think so. and be a change from the constant grind you have been under of late, I shall watch the Papers now with greater interest, until I see your name announced, Good fortune and a fair share of happiness of life go with you.

Yours Truly
