PHOTO ENGRAVING DEPARTMENT  
CORRESPONDENCE.

Dear Tourgee

Every little while I have some thing that comes round that recalls the very pleasant hours I spent with you and your family in your home on the Lake. When one looks into memory's glass we see lots of sunshine and I guess enough shade to make us appreciate life. I often wonder how you all are. What has the art world done for your daughter. I should enjoy a good newsy letter from you for truth I am interested.

Trusting your new enterprise may prove even greater than you anticipated.

Yours very kindly

Jellicott Gross
