My dear Judge:-

I find myself with the manuscript of a small book on the subject of "Christian Science", and I am badly in need of information how best to market it. I do not want to trouble you and I have no doubt you are very busy. But if you could give me a little light on that question from your large experience I <sup>should</sup> appreciate it very much.

We are all well and hope that this will find you and family enjoying the same blessing.

Your true friend,

Jos. H. Bates
