Dear Comrade

Returning home last evening from laying in its last resting place the body of a Comrade, I found in our evening Paper a dispatch saying your name had been sent to the Senate. Mrs. Bradley was out at the time so I had a gratification all by myself. She wondered on her return, what had made my usually somber countenance look so beaming. Which I have no fear of the Senate yet like Judge Day, who when asked when he was going to Mr. Kaiser "Not until the Senate let him know" "he was wanted". I will not leave

when I am the Confirmation.
"All is well that ends well" or words
to that effect. Now, I hope you
may have a pleasant sojourn
in Ghana. Work your health may
be much improved, and I wish you
may return to our country and
be with us many years.
On other hitter, I forgot to say that
I would be much gratified to have
a copy of your poem to read on
Dramatic day. I will see that it
is not published, & will return promptly
when to you. Presume you will
begin working your arrangements soon
as Confirmed. and probably start
to your post in early part of June.
Good fortune & with you and
yours.

Yours truly
A. D. Bradley
