My Dear Mrs Tongue

I have just noticed in the Japan the appointment of judge Tongue to the Consulate at Bordeaux and hasten to send Congratulations. Naturally I moved first & puts my joy to the judge but I think you and I may appropriately rejoice together over this gratifying results of your efforts.

I confidently anticipate for you both a most pleasant & pleasure and for the many and appreciative friends of the judge much new work from him that will be a delight to us all.

Please & puts to him my hearty Congratulations. I am to start on a business trip. If your departure is not too early I hope to be able to say God Speed to you in person before you sail.

Very truly yours and H. N. Coates
