Express & Letter else to depend on—
What can you afford to write for
me three or four verses for "Memorial
Services" & can you not write me
out one verse & let me work away
at it as I have opportunity & see if
I can produce something to suit either
in the way of music—If I can will
go ahead with it—& justly compensate you

for the singer a word that I can do
Lizzie for you all your burdens — on
who has so gaily cried his day to
Jerusalem — Take your time & when
you feel in the right mood give
him the first verse of that fine
Chorus if it should be deemed best — or
a G Sim verse — Thank you and our
Lord and Master for all

Sincerely yours D. W. Whittle
