Dear Friends

Iam intensely interested in seeing you are coming to our side the Atlantic. We saw it in the New York Age. about 2 days before receiving the paper you kindly sent - but in the midst of preparation

for leaving home for
a month. Left with
till reached Flix (company line)
haven of rest (the
delightful country home
of one of my cousins).
My sister and I want
you to come to
us for a little time
of rest on first landing
before you begin to
see people + places &c.

If you come to
Southampton by
the "American Line"
or any other, you
could reach us within
a few hours (2 or 2½
usually) though we are but
about 50 or 60 miles from the
& you could make
your plans really at
home with us for
as many days or weeks
as you needed before
going forth - further.

CHAUTAUQUA COUNTY HISTORICAL SOCIETY 2013

You will feel battered & tired, & fresh country air - trees, shady lanes, fresh country food - & nothing expected of you, will or should be of use & it will be such a pleasure to us - such an honour to serve or try to serve you

I know there may be duties to prevent all this & it may be you ought to go straight to an Hotel & rest - so I will not dare hope too much - till I hear from you again.
