My Dear Sir:

My father requests me to inform you in regard to the badge you loaned him. He put it with two or three other badges and laid them away for safe keeping, and has not found the package as yet. He says he will keep searching till it is found and if he happens to go to Bordeaux will deliver it to you in person; otherwise he wishes your address so he can send it to you.

He expresses a desire to hear from you when you are Established abroad.

Respectfully,

Sherman L. Wright

P.S. Do not see how the badge can be lost as father and mother both remember of its disposition S.W.
