Miss A. Tourgee

Mayville- N.Y.

Dear Miss Tourgee-

We have your favor of the 23rd-and will do this for you- we will accept your old machine back- and send one to our agent in Bordeaux for your Father to be delivered when he arrives- sending you an order or rather a B/L for the machine- We can send it along with the next shipment we make to Bordeaux so that the expense of getting it there would be a minimum. Our agent there has only an agency and would not be able to deliver a machine without express orders and having one sent for this purpose-as we make him buy all his stock of machines. He is a new man for us but was highly recommended by the former U.S. Consul to whom we wrote and he seems to be confident that he will do a nice business. We shall appreciate what assistance your respected Father may be able to give him.

Yours truly,

Of course this is on payment of the \$20-
