copy for all letters in regard to vice consular appt.

Dear Sir: I have your letter con-
cerning the position of vice consul
at Bordeaux. Though I have not
yet been confirmed by the Senate
I have had already many ap-
plications of the same purport.
To all I have replied as to you, that
I must have no purpose or desire to make
any change unless it be found nec-
essary to do so; and this fact can
only be determined when I shall
have become familiar with the
duties and condition of the
office.

Very respectfully
