Monsieur le Contrôl

I received your letter of March the 6th. I would have answered it long ago, but I do not know as yet if we will have an Autumn Contract or not.

Mr. Peabody said to-day he is coming for two days

Spain, but shall immediately go to the Levant and assign it to our papers.

I would be very grateful if you would let me see Dodsley's Travels in French as soon as possible. The Journal of Travels in Italy by Addison is to be had at the Publications des Sciences

My family desires to publish our marriage before the arrival of the Patriots.

I hope all our papers are in right and that there will be no objection in regard to our acts. Do for my mother & signature if can be certified to here, my lawyers here in Paris and Bureau people who knows it.

Waiting to hear from you very soon and thus you will be kind enough to send me those papers, in French

Believe me Monsieur le Baron

Very truly yours

Eduardo Odriozola
