

A.W.T. PAPERS Jan-Aug 1905

149
CONSULAR.

DEPARTMENT OF STATE,
WASHINGTON.

January 7, 1905.

Mrs. Albion W. Tourgee,
Care of the American Consulate,
Bordeaux, France.

My dear Mrs. Tourgee:

I have received your letter of the 25th
of December, and regret to learn of the illness of Mr. Tourgee.

The Department has decided that it is desirable in the
interests of the public service that a consular agency be
established at Biarritz, but in view of your husband's illness
the matter of the appointment of an agent at that place will
be held in abeyance pending further instructions from the
Department.

Very truly yours,

Third Assistant Secretary.
