Dear Mrs. Fourgée:

By yesterdays morning papers we sadly read that the Judge has shuffled off earthly care & gone to reap after his long period of suffering, and realize how painful it all must be for Jack and your daughter.

We cabled last night the "heartfelt sympathy of Fords" meaning the name of those who have gone before, but meaning to include of course Mr. Howard, Mr. Bell & myself.

I suggested to Mr. Howard that he should apply for the Consular position & keep son in the position thereby.

Please accept our best wishes for your own future and believe us with much sympathy Your friend

Fred. J. Hulbert

Later I shall hope to send you clippings from the press with appreciative comments on the Judge's career.
