BORDEAUX, 16th Octr 1905

Dear Madame Tourgée.

I have your letter of 14th inst and am always happy when I can be of service to you

The "Frieka" sailed on 12th inst and should reach N York on 26/27th inst or shortly after Your furniture was at the time in safe Shelter in Mch Bowen quay Dépôt – and has, by Mch B, insured to Jany – and the Cost thereof is payable by you alongwith the freight in N.Y. The goods are not liked to Washington, they like Stop at N Y and in General Store there – this Expense may be avoided if you send at once, with your instructions, to Mssrs Funch Edye & Co the B/Lading which Mr Fricot forwards to you this Evening.

I thought, on Cabling to you this morning, that it has already in Your possession. This Cable, in the above sense, I now confirm.

To my request to the Chairman Henry M Fricot replied that he was sending accounts to you today and would answer on that Subject to you direct. I trust that all this work in order that you like have no more trouble on this head – if not you like let me know and I shall be very happy to help you.

I am glad to know that Mad.lle Tourgée & you are quite well and finding pleasure in the old Country – your next movements are noted, & and a Copy of this Letter goes, for safety, to Haywood – Mrs Welch & our Daughter are in very good health and send to you their very kind regards – to which mine are added

Believe me, My dear Madame Tourgée

very sincerely yours

W. H. Welch
