BORDEAUX, 2d Nov 1915

Dear Madame Tourgée.

Your note of y.d day is to hand.
The death Certificate was, I discovered on claiming it at the Consulate, sent on to you by Mr Fricot - you have it now which is so far good - With regard to the Medical Certificates (French and English) I took them to the Consulate and learned from Mr Murphy that, drawn as they are, they would not serve your purpose for pension &c - Mr M has kindly authorised me to bring Dr Raulin to the Consulate to receive the proper indications and have the documents correctly drawn out. This is now Engaging my attention and these papers will be forwarded to you, by the Earliest possible mail, at your Mayrisk address - Meanwhile I enclose the Residence Certificate which is in order.

I am sorry to hear that you had a bad Channel Crossing and trust you may have a good one on the Atlantic.

With kind regards

Yours faithfully.
