Dear Mrs Tourgée.

Your letter of 3d inst from Paris has duly received. The death Certificates, I return as you originally suggested have been found to be as complete as Dr Rankin can make them and he can eventually, on 17 instant certified by the US Consul, gratis: Mr Murphy's wish was to make them, in your interest, more conclusive had that been possible.

They are enclosed, in English & French. I hope they may prove to be ok your require. I send also Dr Rankins note for the usual fee in Cognac. -ion therewith, F 20 - which you may remit to him direct or thro' me as you may find it convenient to do.

I hope you have had a pleasant passage and are now comfortably settled in good health in your old american home.

and with kindest regards, in which my people join, to Mrs Tourgée and yourself and always at your service here.

Yours very sincerely
W & D Welch
