Dear Mrs. Tourgee,

Since the enclosed letter was written, I have received yours of the 21st inst enclosing check $140 to pay note you gave me Aug. 8th, 1896, which I have cancelled, and will send to you with the mortgage and other papers.

I learn from your letter that it was your intention to leave yesterday afternoon for Washington, and I will delay sending those papers to you until I learn of your return. I have put them in an envelope marked for you, and have left them in the National Bank vault.

I am sorry there is delay and trouble about the payment of your Mutual Life policy but am confident Mr. Moot will be able to do all for you that any one could.

I hope you will find fine weather in Washington, and that your cold will improve.

Sincerely yours,

Edward A Skinner
