2015 Kalorama Ave.
Washington November 24. 1905

Dear Emma:

I wish you were here this morning - First because the morning is beautiful and I should like you to see this part of Washington under so favorable weather and more I want so much to see and talk to you - You must come on as soon as you are able to travel Just think of our furniture - I can make you and Lodie two comfortable

CHAUTAUQUA COUNTY HISTORICAL SOCIETY

even without the furniture. There are some things which ought to be settled & think before your furniture is unpacked - altho it looks to me as though you were going to have greater interest in Marpiller than you thought and that Lodie will prefer to stay there more than here - in that case it would be foolish to go to the trouble and expense of fitting up a home here. You know in all your letters before you got back to Marpiller you have written of Washington

CHAUTAUQUA COUNTY NY HISTORICAL SOCIETY 2013

as you feel it home - and my idea
has been to fit-up the home - and
not-a few rooms (as we could
well share them) and so reduce
expenses that we could afford
to live here - & do not want
& do not want to keep a boarding
house nor do I want such a home - and
Leslie won't come
Will bring me to stay what I
had in mind is write when I
begin this letter - I write for
Mrs. + Mrs. Tilden are
There seem for a month - and
thought & can find of them, this
not think there is any profit in keeping them
furnishing and giving them two rooms
on 2nd floor for $60 per month - They want
to stay. I think you must settle it - when
you come by saying you will need
more room than the one front room which
I have kept for you - This is all I need
to say now we can talk our ways and
means later - but do come just as soon
as you are able and let us get matters
settled before I am taken to St. Elizabeths
& cannot stand the strain much longer -
We end of love to Lucie & Betty and hope you are both
Affectionately yours E. S. Farrow
