Dear Madam:--

Your favor of the 25th inst. at hand and we thank you for the references contained therein. We did not doubt your ability to pay for the goods which you ordered of us, but it is our custom to ask for references from parties with whom we are not acquainted in case the cash does not accompany order. We have written to the State Bank of Mayville and have no doubt we shall find everything perfectly satisfactory. We note that you say the color of the Tile is to be gray which we find was what you specified originally but the sample we are sending is green, and in case it is not satisfactory we shall substitute a gray for it. Trusting this is satisfactory, we are,

Very truly yours,

THE A. W. BURRITT CO.
