My dear Mr Jungin

Your letter of the 12th received. - I would will certainly assist you in any way I can to secure a pension for which you are an applicant, which is certainly your due. & I believe when properly put before congress by Mr Burton, will be granted.

You will remember that I was badly wounded at the battle of Chickamauga & as soon as I could, returned home, & by reason of my wounds did not return to my Regiment till Jany 3rd 64. - on my return I heard of the resignation of Lieut Jungin, - therefore I could not make an affidavit as you wish, not being personally knowing of his accident. If I could assist you however in any other way I would gladly do so. -

During my absence from the regiment, Maj Chas. G. Edwards
