Dear Mrs Bourjeie:

Your favor of the
21st is at hand which leads
one to the conclusion that
I got up the statement of
Sales at the proper time.

Herewith please find an
enquiry about "Bricks" &
take the liberty of making
a suggestion to Baker & Taylor
without awaiting your views
as it does not commit
any body. I do not be-
lieve they would dare
print 1000, but I wanted
to put it up to them & not
have them print 250.

I am very sorry to hear
you are having trouble
with the Insurance people.

Was the Judge in the Mutual
life of N.Y.? And can I be
off any service to you
in this matter?

- In Washington I suppose there
is great danger of falling
into the hands of pension
sharks. Perhaps you will
be able to establish the
cause of the Judge's death
through your doctor at Br-
deaux. I know how
he suffered for years from
his old wound in the
back.

- It is some years since I
saw H.W.B.H. and I do not
know anything regarding him or his
family of late. H.W.B.H. I see
quite frequently & he is liable
to come in any day.
His children are much scattered
two in college - George is in Phila
with Bruce Ford. Parker is a doctor up
town. Frank in school books in ^{up} the
Ross bride in Paris conducting ^{the}
