324 B St. SE,
Feb. 26-1906.

Dear Friend:

I wonder if you would like to vary the tedium of life by reading The Lorch in its present status — hardly half the length it was when I read it to you eight or nine years ago; and, if you like it as well accordingly as you then seemed, whether your chaperonage could get it into the Sunday Inter Ocean as a serial.

S. L. M. Clemens.
