Dear Madam:-

In reply to your letter of the 23rd inst., will say that I have sent your sketch to our Rutland office and you will receive word from them in regard to same. I expect to be away on a long trip and thought it best to refer the matter to the Main Office so that your work would be finished by the 30th of May. Should there be any further inquiries about this work you will please address Mr. W. R. Kinsman and he will doubtless give it his immediate attention.

Trusting that this will be entirely satisfactory to you, I am

Sincerely yours,

J. L. Frick
