REMARKS

Why sheets don't tear out of De Luxe Ring Books

- 1—Because the oval wire rings give greater contact with the sheet at the punchings. Note the illustration below.

- 2—Because the sheets, being made of Defiance Bond manufactured by

Byron Weston Co., Dalton, Mass.

Manufacturers of Byron Weston Co's Linen Ledger

are ten to twenty per cent stronger than other ring book sheets—Test the strength of this sample sheet.

- 3—Because the convenient automatic openers make it unnecessary for you to pull the rings open with your thumb and fingers—a frequent cause of sheets being torn in old style ring binders.
- 4—Because the rings join perfectly—no ragged edges to catch and tear the sheets.
- 5—Because the De Luxe arch shaped rings have ten per cent greater sheet carrying capacity. This prevents the sheets from jamming in the rings—a common cause for torn sheets.

De Luxe Ring Books are made with Standard Ring Spacings and can be used with any standard punched ring book sheets or indexes for binders with three rings:

De Luxe Ring Books are made by the manufacturers of the well known De Luxe and Jones lines of Loose Leaf Binders and Systems who cover them with an unqualified guarantee of satisfaction. Should any De Luxe Binder prove unsatisfactory, we will promptly make repairs or replacement without any expense to you.
